1. Introduction

Welcome to the Food Ordering Website! This platform allows you to conveniently order food from our college canteen. Whether you're a student or staff member, you can enjoy a seamless ordering experience with our intuitive website.

2. Accessing the Website

To use the Food Ordering Website, follow these simple steps:

Open your web browser and navigate to [Website URL].

You will be directed to the homepage where you can log in or sign up for an account.

3. User Interface Overview

The website interface consists of the following key components:

Login/Signup Page: Enter your credentials to log in or sign up for a new account.

Menu Page: Once logged in, you'll be directed to the menu page where you can view available items and place orders.

Order Summary: Displays your current order details, including items selected and total cost.

Payment Section: Appears when you're ready to complete your order, allowing you to enter payment details securely.

Account Settings: Accessible from the user profile dropdown menu, where you can update personal information and view order history.

4. How to Use the Website

Login/Signup: If you're a returning user, enter your username and password on the login page. New users can sign up for an account by providing necessary information.

Browse Menu: Navigate to the menu page to explore available food items. Each item includes a description, price, and option to add to cart.

Place Order: Click the "Add to Cart" button next to an item to include it in your order. You can adjust quantities and view your order summary in real-time.

Checkout: Once you've added all desired items, proceed to the checkout page. Review your order summary, enter payment details, and click "Place Order" to finalize the transaction.

Order Confirmation: After successful payment, you'll receive an order confirmation email with details of your purchase. Your order will be processed, and you can expect delivery within the specified timeframe.

5. Menu Management (Those who want to sell the food)

Add New Items: Kitchen owners can access the menu management section by logging in with appropriate credentials. From there, they can add new items, update prices, or remove items from the menu.

6. Troubleshooting

If you encounter any issues while using the website, such as login errors or payment failures, please:

Check your internet connection.

Verify that you're using the correct login credentials.
